

motorola Bluetooth® Handsfree Headset

H700

MOTOSTART *Get connected in 4 quick steps.*

BEFORE YOU BEGIN

Before using this product, read the Important Safety and Legal Information pamphlet and follow its instructions.

Take a moment before you get started to familiarize yourself with your new H700 Headset.

1

CHARGE YOUR HEADSET

Charge your headset's battery for 2 hours:

- 1 Plug the Motorola charger into the end of the headset.

The indicator light turns red when the battery is charging. It may take up to 1 minute for the indicator light to turn on. When the headset's battery is fully charged (about 2 hours), the indicator light turns green.

- 2 Disconnect the charger.

Note: Headset is not functional while charging.

2

ENSURE YOUR HEADSET IS IN PAIRING MODE

Before you can use your headset, you must pair (link) it with your phone.

Open the headset boom to initiate easy pairing. After a few moments, the indicator light will be steadily lit in purple to indicate headset is in pairing mode.

Indicator Light
(steadily purple
for pairing mode)

If the headset does not enter pairing mode, see **TROUBLESHOOTING** for help.

TROUBLESHOOTING

My headset will not enter pairing mode.

Make sure that any devices previously paired with the headset are turned off. If the indicator light is flashing in blue, turn off the other device, then close and reopen the headset boom. The indicator light becomes steadily lit in purple indicating the headset is now in pairing mode.

My phone doesn't find my headset.

Make sure the indicator light on your headset is on (lit in purple) and steady when your phone is searching for devices (see step 2).

My headset worked before but now it's not working.

Make sure your phone is on and the Bluetooth feature is turned on in your phone (see step 3). If the Bluetooth feature was turned off or was turned on only temporarily, you may need to restart the Bluetooth feature and pair your phone and headset again (see steps 2 and 3).

3 TURN ON BLUETOOTH ON YOUR PHONE AND PAIR WITH HEADSET

Your phone's Bluetooth feature is off by default. To use your headset, turn on the Bluetooth feature in your phone.

To turn on Bluetooth:

- 1** Select  **(Menu) > Settings > Connection > Bluetooth Link > Setup.**
- 2** Scroll to **Power**.
- 3** Press **Change**.
- 4** Select **On**.
- 5** Select **Back**.
- 6** Select **Handsfree**.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

TURN ON BLUETOOTH ON YOUR PHONE AND PAIR WITH HEADSET

Continued

- 7** Select **[Look for Devices]**.

Note: Do not select **STOP**—you will automatically be taken to the next screen.

- 8** Select **Motorola H700**.

- 9** Select **Yes** to bond.

- 10** Enter the passkey **0000** and select **OK**.

When your headset and phone are successfully paired, the indicator light changes from steadily lit to flashing blue.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

4

TEST AND USE

Your phone and headset are now paired and ready to make and receive calls. To confirm they are operating properly, make a call:

- 1 Place the headset over your ear. See "Wearing the Headset" on the reverse side of this guide.
- 2 On your phone, dial the number you want to call and press the **Send** key.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you don't need to repeat these steps. For daily use, ensure that your headset is turned ON and that your phone's Bluetooth feature is ON.

To save battery power, turn OFF the headset when you don't use it for an extended time by closing the boom.

for information on
using your H700

TURNING HEADSET ON AND OFF

To turn your headset on, open the headset boom. The indicator light flashes blue.

To turn your headset off, close the headset boom. The indicator light will turn off.

Multi-Color
Indicator Light

WEARING THE HEADSET

- 1 Open the headset boom, then open the earhook.
- 2 Loop the earhook over your ear.
- 3 Press the headset to your ear.
- 4 Point the headset boom towards your mouth.

CHANGING VOLUME BUTTON ORIENTATION

You can also change the orientation of the volume buttons on your headset.

- 1 Turn the headset power off.
- 2 Press the Call button until the indicator light becomes steadily lit in purple, then press the Volume button you want to assign as the "volume up" button.

CHANGING FOR USE ON OTHER EAR

You can wear your H700 headset on your left or right ear. The headset comes ready for the right ear. To change the headset for the left ear:

- 1 Open the headset boom, then open the earhook (90° from the headset).

- 2 Gently lift and pull the top of the earhook up and off the upper hinge pin. Then, pull it away to remove it.

- 3 Flip the headset over.

- 4 Hook the bottom of the earhook onto the lower hinge pin, then lift and pull the top of the earhook over the upper hinge pin.

European Union Directives Conformance Statement

Hereby, Motorola declares that this product is in compliance with:

- The essential requirements and other relevant provisions of Directive 1999/5/EC.
- All other relevant EU Directives.

The above gives an example of a typical Product Approval Number.

You can view your product's Declaration of Conformity (DoC) to Directive 1999/5/EC (to R&TTE Directive) at www.motorola.com/rtte. To find your DoC, enter the product Approval Number from your product's label in the "Search" bar on the web site.

MAKING CALLS

| Function | Action |
|------------------------|--|
| Make a voice dial call | Tap the Call button and speak the name after the tone |
| End a call | Tap the Call button |
| Answer a call | Open headset boom or tap the Call button (if boom is already open) |
| Ignore a call | Press and hold the Call button until you hear a beep |
| Redial last call | Press and hold the Call button until you hear a beep |

Note: Your H700 supports both Handsfree and Headset Profiles. Accessing call functions depends upon which profile your phone supports. See your phone's user's guide for more information.

INDICATOR LIGHTS

With the Charger Plugged In

| Indicator Light | Headset Status |
|-----------------|----------------------------------|
| Red (steady) | Charging (less than 80% charged) |
| Yellow (steady) | Charging (more than 80% charged) |
| Green (steady) | Charging complete |

With No Charger Plugged In

| Indicator Light | Headset Status |
|-------------------------|--|
| Off | Power off |
| Purple (steady) | Pairing mode/Volume button orientation |
| Red | Battery low |
| Blue (10 rapid flashes) | Pairing successful |
| Blue (slow pulse) | Connected (on a call) |
| Blue (quick flash) | Standby (not on a call) |

Note: After 5 minutes of inactivity, the light stops flashing to conserve power, but the headset remains in standby mode.

MAKING CALLS *CONTINUED*

| Function | Action |
|---|--|
| Answer a second incoming call | Press and hold the Call button (places first call on hold) |
| Toggle between two active calls | Press and hold the Call button |
| Join a 3-way call | Press and hold both Volume buttons |
| Put an active call on hold or resume a call on hold | Press and hold the Call button until you hear a beep |
| Transfer a call from the phone to the headset | Open headset boom |
| Disable the indicator light | Press and hold both Volume buttons for 3 to 4 seconds |
| Mute or unmute a call | Tap both Volume buttons |

Note: Some features are phone/network dependent.

AUDIO TONES

The audio tones provide information about your headset status.

| Audio Tone | Headset Status |
|--|------------------------------|
| Single high tone when pressing Volume button | Volume at minimum or maximum |
| Five rapid high tones repeated every 60 sec. | Low battery |
| No audio indications; deteriorating quality | Out of range |
| Ring tone | Incoming call |
| Single high tone | Pairing confirmation |
| Single low tone | Voice activation |
| Dual high/low tone | Voice tag not recognized |
| Single high tone | End call |
| Low to high tone | Phone network not available |
| Two ascending tones | Mute enabled |
| Two descending tones | Mute disabled |
